Dear Tim,

I wanted to let you know how much we appreciate the work your company completed for us this summer. Our planned remodel on Springbrook Road and the timing of my family from abroad moving in with us couldn't have happened at a more stressful time, and with them just settling in, it would have not been feasible to find temporary housing for all of us.

The way your company handled the demolition along with your valuable suggestions made it easy for us to remain in the house throughout construction, your professionalism and advice were at a great value.

Also your foreman Juan and Dago both are a pleasure to deal with and their attention to making sure the environment was safe and walling areas off with plastic keeping a dust free environment allowed us to have meals at home and made me feel very comfortable with having kids around.

If anyone in the future has any questions regarding TNT Demolition, your staff and your company's attention to safety staging and dust control, they are free to call me.

Thank you
Sincerely

Bassamat Bahnasy
